## **News Features**

Indian pharma exports hit US\$ 19.14 bn: According to 1. the Pharmaceutical Export Promotion Council (Pharmexcil)'s year-end report, the total pharma exports from India was at \$19.14 billion for 2018-19 with a growth of 10.72% over \$17.28 billion last year. The double-digit growth returned to pharma exports after three years of flat-to-marginal export growth, driven by formulations exports to North America among other destinations.

Al to more than double the rate of innovation in India by 2021: According to a Microsoft -IDC study, by 2021 Artificial Intelligence (AI) will more than double the rate of innovation at organizations and employee productivity in India. The study evaluated six dimensions critical to ensuring the success of a nation's AI journey. According to the findings, India needs to build upon its investment, data, and strategy in order to

accelerate its Al journey. The survey was conducted with 1,560 business decision makers in mid and large-sized organizations across 15 economies in the region and surveyed 200 business leaders and 202 workers in India.

3. Delhi's second airport likely to begin operations by **June end:** According to the Airports Authority of India (AAI) report, New Delhi will get Hindon, its second airport by the end of June 2019. Reducing the load at Delhi's Indira Gandhi International (IGI) Airport, Hindon will serve as the 'second' airport. The air force station is located close to Ghaziabad, Uttar Pradesh. Hindon airport, which is around 40 km from the IGI Airport in Delhi, belongs to the Indian Air Force (IAF) and the AAI has developed the civil

enclave there.

4. India moved up to 43rd place on competitiveness: According to the 2019 edition of the IMD World Competitiveness Rankings, India moved up one place to rank as the world's 43rd most competitive economy on the back of its robust economic growth, a large labour force and its huge market size. The IMD World Competitiveness Rankings, established in 1989, incorporate 235 indicators from each of the 63 ranked

economies to evaluate their ability to foster an environment where enterprises can achieve sustainable growth, generate jobs and increase welfare for its citizens.
